

## Logistic Note

Dear Workshop Participants,

We look forward to meet and welcome you all in Institute of Economic Growth. Please find attached the workshop schedule with resource persons and the list of participants with their institutional affiliations.

As informed you before, outstation candidates will be provided with twin shared accommodation in IEG campus, some in hostel and some in guest house. If possible, please bring your laptop with STATA software loaded so that you will be able to run the commands and generate results discussed by the resource persons. We also have one session exclusively for discussing impact evaluation commands in STATA. We would be sending some essential readings to you shortly given by each of the resource persons; please go through them before the lectures.

You can reach IEG from Indira Gandhi International Airport (Terminal 1 or 3), Delhi Railway stations (Delhi has three railway stations – Delhi, New Delhi and Hazrat Nizamuddin stations) or from Inter State Bus Terminus either by metro, or pre-paid taxi or by auto rickshaw. If you prefer to come by metro please get into the yellow line, get down at University (Vishwavidyalaya) stop and take exit No.4 towards Chhatra Marg. Once you are on road either take a cycle rickshaw @INR30 or a shared e-rickshaw @INR10 and get down at Hanuman temple next to Kirorimal College. IEG will be on your left. If you are taking taxi or auto-rickshaw, tell the driver to drive towards Kirorimal College or Kamla Nagar or Malkaganj or Hansraj College. These are popular destinations than IEG and every taxi or auto driver would know these places. These places are adjacent to IEG.

Delhi will still be under winter during 6th to 10th of Feb (Minimum 9-10 degree C, Maximum 22-24 degree), accordingly bring some woollens.
