THE WORKSHOP

From evidence to policy

2 to 4 November 2026

Tata Institute of Social Sciences, Hyderabad

The School of Public Policy and Governance (SPPG), Tata Institute of Social Sciences, Hyderabad, in collaboration with the Indian Society for Ecological Economics (INSEE), is organising a three-day workshop as part of the TISS Navati 90th Anniversary Celebrations.

The workshop aims to familiarise participants with the conceptual frameworks, analytical tools and methods that connect sustainability research with evidence-based policy action.

WORKSHOP OBJECTIVES

01 Connect sustainability frameworks with research methods and policy choices.

02 Assess economic valuation, biophysical accounting, multi-criteria decision analysis, climate vulnerability and loss-and-damage methods, including their assumptions, data needs, limitations and distributional impacts.

03 Situate institutional, qualitative and participatory approaches within environmental governance and community experiences.

Workshop Themes

01

Concepts, values, systems thinking and policy frameworks

Sustainability concepts, systems perspectives, research choices and policy frameworks.

02

Economic valuation, biophysical accounting and policy appraisal

The assumptions, data needs, limitations and distributional consequences of analytical approaches.

03

Climate vulnerability, loss and damage, governance and policy applications

Climate risk, loss-and-damage approaches, institutions and policy responses.

PARTICIPATION / REGISTRATION

Join the workshop

LAST DATE FOR SUBMISSION

28 October 2026 11:59 PM IST
